

2016 National FOCUS ON FOREVER Workshop

MAY 13-15

YMCA of the Ozarks – Trout Lodge
Potosi, Missouri

The presenting sponsors of the 2016 Focus on Forever (FOF) Workshop are excited to announce our premier “train the trainer” event scheduled for May 13 – 15 at the YMCA of the Ozarks – Trout Lodge. Located in the heart of the Mark Twain National Forest, Trout Lodge is situated on the 360-acre Sunnen Lake and is surrounded by 5000 acres of forest-covered hills.

Hoping to encourage and inspire a cooperative spirit between local chapters and volunteers, several key conservation groups (Pheasants Forever, Quail Forever, North American Versatile Hunting Dog Association and the National Wild Turkey Federation) are partnering to co-host this event.

FOF participants will learn and share best practices for delivering high quality events that engage youth and families in our outdoor traditions. Just a few of the agenda highlights include:

- Hosting High Quality Mentor Hunts (dove, upland birds and wild turkey)
- Shooting Sports Clinics for Beginners
- Coaching a Shotgun Team
- Bird Dog Field Days
- The New Hunter Adoption Model
- Hands-On Habitat Education
- Outdoor Skills Instructor – 101

Need more reasons to attend? How 'bout:

- Have you visited the Ozarks? They're beautiful in the spring!
- A Chuck Wagon Cookout & Social on Saturday evening.
- Plan a family vacation around this FOF event. There's soooo much to do!
- Networking with passionate conservation volunteers from across the country who care about the same things you do!

Come share your passion for passing on our outdoor traditions and cultivating the next generation of land stewards with conservation volunteers from across the country. There will be too much information and energy for one person to handle so make sure you bring a friend.

Mark your calendars
now . . . the 2016
Focus on Forever
agenda will be the
most exciting and
interactive to date!
